

HPE R3J18A Data Sheet

1. Product Overview

Product Name: HPE R3J18A

Category: Accessory

Manufacturer: Hewlett Packard Enterprise (HPE)

Product Description: The HPE R3J18A is an essential accessory designed to enhance the functionality and flexibility of HPE networking equipment. It provides specific support or additional features to HPE products, ensuring optimal performance and integration within your IT infrastructure.

2. Key Features

- **Type:** Accessory for HPE networking equipment
- **Compatibility:** Designed for use with specific HPE hardware and devices
- **Functionality:** Provides additional support or features for improved performance
- **Installation:** Easy installation with minimal setup required

3. Technical Specifications

- **Part Number:** R3J18A
- **Category:** Accessory
- **Compatibility:**
 - Compatible with select HPE switches, routers, or other networking devices (specific models may vary)
- **Dimensions:** Specific dimensions may vary based on the type of accessory
- **Weight:** Weight varies depending on the accessory
- **Material:** High-quality materials designed for durability and reliability

4. Features and Benefits

- **Enhanced Functionality:** Adds specific capabilities or support for HPE networking devices.
- **High-Quality Construction:** Made from durable materials to ensure long-lasting performance.
- **Easy Integration:** Designed to work seamlessly with HPE hardware, ensuring straightforward installation and operation.

5. Compliance and Certifications

- **Certifications:**
 - Compliant with relevant HPE and industry standards
- **Standards Compliance:**
 - Ensures compatibility and reliability with HPE networking equipment

6. Ordering Information

- **Part Number:** R3J18A
- **Ordering Code:** R3J18A
- **Packaging:** Individually packed, with relevant documentation or installation guides as needed

7. Contact Information

- **Manufacturer:** Hewlett Packard Enterprise (HPE)
- **Address:** 3000 Hanover Street, Palo Alto, CA 94304, USA
- **Phone:** +1 (800) 123-4567
- **Email:** support@hpe.com
- **Website:** www.hpe.com
